| #8 High School Anatomy | 2 semester class | Amy Anderson | Grade Level | 10-12 |
|--|------------------|--------------|-------------|-------|
| <p>We will cover both the anatomy and the physiology of the human body's organ systems in detail. The text will be <u>Advanced Biology: The Human Body 2nd Edition</u> from Apologia, and it must be brought to class weekly. This will be a rigorous, challenging college-prep level course. However, it will also be very fun and practical! The student will be expected to have the reading completed before coming to class each week. Parents will be responsible for all testing of the student. We will complete the lab portion of the class, with a few substitutions. Dissections will include an eye, heart, and a fetal pig. Some class time each week will be dedicated to further explanation of the more complicated anatomical processes, with some pathophysiology thrown in to make it more interesting and practical. The reproductive system will not be covered in class.</p> <p>*Supply fee includes a \$5 microscope fee</p> | | | Time | 10:00 |

| #10 Picture This! | Keri Sutter | Grade Level | 6-8 |
|--|-------------|-------------|-------|
| <p>This class is a great opportunity to study the Bible from both a big picture standpoint and a detailed viewpoint. We will be moving through the books of the OT looking at an overview of the book, how it fits into the whole scope of the Bible, and looking at the primary stories in each book. Students color and write on a handout as we work through the book so that they can remember and retell the major events of the book. Students should enjoy stories and/or coloring. If most of the students who sign up have taken this course last spring, we will pick up where we left off – new students will not feel left out. If most of the students are new, we will start at the beginning. Any questions, see Keri Sutter.</p> | | Time | 12:00 |
| | | Class Fee | \$25 |
| | | Supply Fee | \$5 |
